## Custom Quote or Estimate

Foxlaw's focus is firmly on property and business law. Our approach to costs is about providing *value* (to our clients) and *certainty* (for our clients). For the work types below, we can often provide a fixed fee quote once we have all the relevant details of what is required. In truly uncertain situations, we can operate on an estimate-basis with costs ultimately determined by our Scale (*see over page*).

Time is necessarily a relevant factor, but a rating may also take into account the complexity of the issue/s at hand, the active/passive involvement of the lawyer, the number of other parties involved, the urgency of the meeting, the outcome of the meeting, and any other factor which may influence the overall value of the meeting to the client).</p>
